DR. P. R. WAUGHOP, WELL KNOWN IN HAWAII, IN MARITAL TANGLE

Marries and Repents Eight Days Afterward—Says He Was Deceived

Philip Rexford Waughop, a prominent Seattle physician, and for several years a resident of Honolulu and other parts of the territory in the interest of the leper settlement work, has become involved in a matrimonial tangle in the Washington city which bids fair to prove a perplexing riddle to both the courts and the persons interested.

According to the Seattle Post-Intelligencer Doctor Waughop was married to his former nurse, Miss Nellie Kloss, on February 4, 1913, and it was not until February 12 that he recovered his mental balance and realized that he was really married. As soon as he learned that he had become involved in the bonds of matrimony without his knowledge, he immediately brought suit for divorce against Mrs. Waughop. The doctor charges that he was drugged and mentally incapacitated at the time of the ceremony and asked that the marriage be annulled. He discovered that he was a married man eight days after the wedding and says that he immediately left his bride, from whom he is now living apart. Mrs. Waughop is superintendent of the Queen City sanitarium, where Doctor Waughop was a patient for several weeks.

Mrs. Waughop, when interviewed concerning the entanglement, alleged that the doctor had been abducted and forced into signing the divorce complaint, since which time she professes to believe that he has been forcibly detained. Her story of the blissful ceremony of the ten-day honeymoon spent at the sanitarium was corroborated by one of the nurses employed in the institution, who said that the idea of Doctor Waughop applying for a divorce of his own free will was ridiculous. "The doctor was simply crazy about Nellie," she said. "He couldn't bear to have her out of his sight for a moment. He'd follow her from one room to another rather than be alone until she returned to him. They just called each other pet names and made love all the time."

The story that she tricked the doctor into marrying her is emphatically branded as a lie by Mrs. Waughop. "I didn't want to be married so suddenly," she said, during the hearing of the case, "but he insisted, so that I finally yielded to please him. It's all the fault of interfering relatives and friends."

According to the story told on the stand by Mrs. Waughop, the relatives of the doctor had not treated her with proper cordiality when she and the doctor visited the latter's home, and so they stayed at the sanitarium. At length, Mrs. Waughop said, she told her husband that he must choose between his relatives and the wife they objected to, whereupon the doctor called them up and demanded that they treat her with respect or that he would have nothing more to do with them. The relatives promised to do this, she went on to say, and on the strength of the promise she and the doctor called on the relatives. While they were still at the house, she alleges that the doctor's attorney called him to the telephone and asked him to go downtown at once to attend some important business matter. The doctor left the house to keep the appointment, assuring his wife that he would return immediately.

"He was either forced to sign that complaint or else he was drugged," she said. "He was very nervous and easily influenced and he may have signed it without knowing just what it was."

Waughop and Miss Kloss presented themselves at the counter of the marriage license clerk on February 4 and asked for a license. Friends of Waughop protested against the issuance of the license on the ground that the doctor was full of drugs and not in a mental condition to take such a momentous step. On this representation a license was refused.

Later the couple talked about going to Tacoma for a license, but this was evidently a subterfuge, for at 10 o'clock the same night Audit Clerk W. W. Castle was aroused from his slumbers, and, unaware that a license had been refused, went to the court house and issued one. The couple were married about midnight by Rev. E. E. Borgman, of the Methodist Episcopal church, at Twenty-third avenue and East Madison street.

Incapacitated, Says Doctor.
The complaint filed in divorce proceedings states that Dr. Waughop was mentally incapacitated by drugs administered to him while suffering from worry and stress of mind, causing him to lose his reasoning powers from overwork.

and to be unable to know or understand what he was doing. While in that condition, he says, he was easily influenced to marry. The complaint charges that the marriage was unpremeditated on his part, and against his wish or will, and he would not have consented to it if he had been in full possession of his mental faculties.

Attorney Keene, who has long represented Dr. Waughop in the management of his properties, began to investigate the marriage soon after it was performed, and announced at the time that it was probable the courts would be asked to annul it. Dr. Waughop had a protracted illness just before the wedding ceremony, and bromides were frequently administered to him.

FINANCES OF TERRITORY GIVEN TO THE SENATE

The "hold-over committee" of the ways and means, authorized by a resolution of the senate at its last session to present a report on the finances of the territory, on Saturday submitted the result of its work.

It is a work of thirty-nine long pages, filled with figures which show the amount of disbursements and receipts of the various departments of the territory, and in addition it gives the estimates of the expenses of government for the ensuing biennial year in the several departments.

The preamble of the report was read in the senate this morning. It is stated in the preamble that the only motive for the preparation of the report was to assist the ways and means committee in determining the amount of appropriations needed, and other valuable data which the committee has heretofore been unable to accurately obtain.

Not only is the report prepared with an eye for the present, it's immediate need, but estimates of disbursements and receipts for 1914 and 1915 are given in the different departments.

Senator Judd, chairman of the committee, in introducing the report, stated that it had to do solely with the territorial expenses of the past two years and estimates of future expenses, all of which were calculated to assist the present ways and means committee in its work.

He expressed his thanks for the assistance given him by Secretary Mott Smith, without whose aid, he stated, it would have been impossible to present a complete report.

After the senate had unanimously voted to approve the report, President Knudsen, speaking for the senate thanked the committee for its work.

PIN FAI MEMBERS SET NEW RECORD

The members of the Pin Fai society, a Chinese organization of mountain-climbers, set a new record yesterday afternoon over the route which begins at the end of the Kaimuki car line and runs along Wilhelmina Rise to the ridge overlooking Waimanalo, a mile along the ridge to the peak beyond Palolo crater and thence back to the end of the car-line by way of Palolo valley. After a two hours' hike one of the high ridges of the Waimanalo ridge was gained, and then the work of breaking a trail from this peak to the Palolo crater peak commenced. At first the trail was broken along the ridge but soon the Pin Fais discovered that it was easier to walk a few feet down on the Waimanalo side, where there was a sheer precipice and where the foliage was but two or three feet high. Crawling, scrambling and walking on tree-tops, the trip was at last made and the trail broken.

The return to the car-line from the summit of the Koolau range was made in two hours. The members of the organization will from now on undertake to keep their trail open from end to end. The hike yesterday afternoon was a try-out to fit the Pin Fais as experienced mountain guides for tourists and others who wish to scale the lofty peaks and cliffs of the mountains on Oahu.

A man's religion seldom wears out from overwork.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP, 25 CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove It

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the

hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now? A 25 cent bottle will truly amaze you—a advertisement.

SPORT

TWO BASKETBALL GAMES TONIGHT

The basketball league promises two more good games tonight at Palama. The first game is to be between the two crack teams, College of Hawaii and Fort Shafter. The second will be the Y. M. L. C. and Palama. The game between the College and the Fort is sure to be a good one. Neither one of the teams has disappointed an audience yet and it is not probable that tonight will prove the exception as they have been practicing hard for the last few days with this game in view. The basketball series is nearing the end and both teams are working hard to be in at the finish.

The game between the Y. M. L. C. and Palama ought to be a good one also. The last game the Y. M. L. C. played they didn't do very good but then it was their first game, and they were up against one of the best teams in the league. The men have been practicing hard lately and feel confident that they will do better than last week. Palama hasn't been playing as well as was expected but the team should be a good match for the Y. M. L. C.

The first game is to be played at eight o'clock sharp and the second will come off immediately after. All the games are being played on the Palama floor as it is the only one available at present.

TIE FOR SOCCER CHAMPIONSHIP

SOCCER LEAGUE. (Final Standing.)

	P.	W.	L.	D.	Pts.
Healani	8	6	1	1	13
Males	8	6	1	1	13
Punahou	8	2	3	2	6
Camp Very	8	2	5	1	5
High School	8	1	6	1	3

Again the Males soccer team has benefited by the apathy of the High School eleven, a game, and an important one at that, having been practically presented to the former aggregation by the latter, for the second time this season. Saturday afternoon the High School turned out with only six men, and the Males romped away with a 5 to 0 victory, thereby tying with the Healani for first place in the Soccer League, and making an extra game necessary to decide the 1913 championship.

As a matter of fact the Males got an even break with the Healani, for the latter team won by an absolute default from the Punahou. It is a pity that a season which started off so well, should have ended so apathetically.

The championship game will probably be played at Moiliili Saturday next.

The railroad commission has submitted a new idea to the Union, Southern and Central Pacific railroads. It proposes the joining of the Central and Union Pacific to operate a continuous transcontinental line and leave to the Southern Pacific alone the operating of the lines local to California.

WANTED

Partner with small capital, for small paying business in center of city.

SITUATION WANTED

Experienced chauffeur, with references. Position with private family preferred. Address 1371 Liliha St., Tel. 4203. 5483-3t.

HELP WANTED.

Girls Wanted at Home Candy Co., Alakea St. 5450-1w.

FOR RENT.

Two bed-room cottage, Makiki district. Apply 1248 Fort St. 5490-2w.

LOST.

On the night of Feb. 22, somewhere between Fort St. and McCully St., a ladies' hand bag, containing small purse and Bank of Hawaii Savings Bank book. Finder please return to this office. 5490-1f.

On Saturday morning, American citizenship papers in name of Tomi Takemura. Finder please return to Tokimoto, Kapiolani Bldg. (upstairs). 5490-1w.

CANDIES.

Buy a box of candy at the Fern, you will always find it fresh. Emma & Vineyard. You know the place. 5490-1f.

NEW TODAY

NOTICE.

My wife, Punahou Fook Kyau Chee Chin, having left my bed and board, I will not be responsible for any debts contracted in my name without my written consent. CHEE CHIN, 5490-3t.

Malthoid Roofing

For mine buildings, mills, cyanide plants, engine houses, boiler sheds, oil tanks, water tanks, for every purpose where roof durability, reliability, fire resisting, water and weather proof qualities are required, there you will find Malthoid—and find it serving its owners and doing its duty as only a perfect roofing can.

Malthoid is the original good roofing—It always satisfies.
